All such Assessments, together with interest thereon, any late charges and costs of collection thereof as provided for in these Covenants, shall be a charge on the land and shall be a continuing lien upon each Lot with respect to which each such Assessment is made. Each such Assessment, together with interest thereon, any late charges and costs of collection thereof as provided for in these Covenants, shall also be the continuing personal obligation of the person who was the Owner of such Lot at the time when the Assessment fell due. Each Owner of any Lot within the Property, by acceptance of a deed or other conveyance, whether or not it shall be so expressed in any such deed or other conveyance, is deemed to covenant and agree to pay to the Association his portion of all Lot Owner's Assessments and Special Assessments, such Assessments to be fixed and established as hereinafter provided and collected from time to time by the Association. The portions of such Assessments as aforesaid, together with interest thereon, late charges and costs of collection thereof as hereinafter provided, shall be a lien and charge on the land and shall be a continuing lien (hereinafter "Assessment Lien") upon each Lot. Each such portion of any such Assessment, together with such interest, late charges, costs and reasonable attorneys' fees, shall also be the personal obligation of the Owner of such Lot at the time when the Assessment fell due. The personal obligation for delinquent Assessments shall not pass to an Owner's successors in title unless expressly assumed by them, but, subject to the provisions of Section 5.15 hereof, the Assessment Lien for the full amount of Assessments unpaid at the date of a transfer of the Lot shall continue as a charge and lien against the Lot in the hands of the subsequent Owner. There is hereby retained a present vendor's lien ("Vendor's Lien") upon each Lot within the Property to secure the payment of all Assessments, whether Lot Owner's or Special, which may be levied by the Association pursuant to the terms hereof, which Vendor's Lien shall be further secured by a separate valid and subsisting deed of trust lien ("Deed of Trust Lien") retained herein, and each Owner, by acceptance of a deed or other conveyance to any Lot within the Property, does hereby grant, bargain, sell and convey unto the Association, as Trustee, such Lot, IN TRUST, upon the terms and conditions hereinafter contained, to secure payment of all Assessments and all late charges, interest, expenses and attorneys' fees and costs incurred in connection with any such Assessment. Said Vendor's Lien and Deed of Trust Lien are, where the context may require, included within the references in this Declaration to the "Assessment Lien." It is expressly intended that, by acceptance of a deed or other conveyance or muniment of title to a Lot within the Property, each Owner acknowledges that title is accepted subject to the Assessment Lien, which shall, in addition to the subrogation rights described above, be deemed to be an express contractual lien and shall be superior to any defense of homestead or other exemption, the Assessment Lien having been created prior to the creation or attachment of any homestead right with respect to any Lot. Nothing contained in this Section 5.1 or otherwise in these Covenants shall be deemed to subordinate the Assessment Lien to any homestead claim hereafter arising.

5.2 Purpose and Allocation of Assessments. The Assessments levied by the Association shall be used for the purpose of promoting the recreation, health, safety and welfare of the Development and the Members, enhancing the quality of life within the Development, and enhancing and protecting the value, desirability and attractiveness of the Property. In particular, the Assessments may be used, without limitation, for the maintenance of Common Areas and the Private Roadways, including, but not limited to, fences and any utility easement improvement; maintenance deemed necessary or desirable for the benefit of the Development and the improvement and maintenance of the properties, services and facilities devoted to the foregoing purposes; and the discharge of the Association's rights, powers and duties under this Declaration and other agreements to which the Association is a party. The amount of all Assessments levied by the Association hereunder shall be established and determined by the Association. Assessments shall be allocated equally to each Lot by the Association.

5.3 Improvement and Maintenance of Common Areas Prior to Conveyance to the Association. Prior to the conveyance of the Common Areas from the Declarant to the Association as contemplated in Section 3.2 hereof, the Declarant shall have the right to improve and maintain the Common Areas, to manage and supervise the same, and, in general, to exercise the duties which otherwise would be exercised by the Association in respect thereof, and to pay taxes on and insurance in connection with the Common Areas and the cost of repairs, replacements and additions thereto, and to pay the cost of labor, equipment (including the expense of leasing any equipment) and materials required for, and management and supervision of, the Common Areas.

5.4 Special Assessments Special Assessments shall be levied by the Association against one or more Owners and/or Lots with respect to which particular costs have been incurred by the Association, including, but not limited to, maintenance or repair of perimeter fences and the performance of any duty imposed upon any Owner by these Covenants. In the event the Association undertakes to provide materials or services which benefit individual Owners or Lots (as opposed to the entire Development) and which can be accepted or not by individual Owners, such Owners, in accepting such materials or services, shall be deemed to have agreed in writing that statements therefor from the Association shall be Special Assessments. Nothing in this Section 5.4 shall authorize the Association to engage in any business for profit, but is intended solely to provide for reasonable compensation and reimbursement to the Association for materials and services rendered incidentally to the performance of its stated purposes if and to the extent that such materials and services are rendered for the benefit of individual Owners and their property rather than for the benefit of all Owners and Members, whether rendered at the express request or such Owner or to cure a default by such Owner hereunder. Special Assessments may also be levied against any Owner and his Lot(s) to cover the costs of any maintenance and/or repair to the Common Facilities, the Common Areas and/or the Private Roadways necessitated by the willful or negligent acts of any Owner, or his family members, tenants, guests, agents, employees or invitees, as applicable.

5.5 Lot Owner's Assessments Each Owner shall pay a Lot Owner's Assessment per year/per each acre on such Owner's Lot (the payment for any partial acre to be pro-rated). The Initial Assessment is set at \$17.50/per year/per acre. Future Assessment amounts and time of payment of Lot Owner's Assessments shall be determined by the Association pursuant to the Articles of Incorporation and Bylaws, after giving due consideration to the current maintenance costs and future needs of the Association, and the amount of funds which are or will be sufficient to establish an adequate reserve fund for repair, replacement and maintenance of the Private Roadways, Common Areas and Common Facilities. Not later than thirty-days (30) prior to the beginning of each calendar year, the Association shall estimate the total Common Expenses to be incurred for the forthcoming year. The Association shall then determine the installment amount of the Lot Owner's Assessment to be collected from each Member. Written notice of the amount of Lot Owner's Assessments shall be sent to each Member. Each Member shall thereafter pay to the Association such Lot Owner's Assessment in a lump sum (or, if established in the written notice from the Association, in regular installments). In the event the Association shall determine that the estimate of total charges for the current year is, or will become, inadequate to meet all Common Expenses for any reason, it shall determine the approximate amount of such inadequacy and issue a supplemental estimate of the total Common Expenses and determine the revised amount of the Lot Owner's Assessment against each Member. In the event the Association shall determine that the amount collected or to be collected through Lot Owner's Assessments is in excess of the Association's need for the current year and reserves appropriate for future years, the Association in its discretion may refund all or a portion of such excess to the Members, reduce the amount of the Lot Owner's Assessments or abate collection of Lot Owner's Assessments as it deems appropriate. Notwithstanding anything contained herein to the contrary, Lake On Flat Creek Ltd. shall not be responsible for the payment of any Lot Owner's Assessments for Lots owned by Lake On Flat Creek Ltd. until December 31, 2007.

5.6 Certificate of Payment The Association shall, upon demand, furnish to any Member or Owner liable for an Assessment, or portion thereof, a certificate in writing signed by an officer or authorized agent of the Association, setting forth whether the Assessments on a specified Lot have been paid, and the amount of delinquency, if any, and whether any other violations pursuant to this Declaration exist as to such Lot and the nature of such violations, if any. A reasonable charge as provided from time to time by the Bylaws or the Association may be made by the Association for the issuance of these certificates. Such certificates shall be conclusive evidence of payment of any Assessment therein stated to have been paid.

5.7 Exempt Property All properties dedicated to and accepted by a local public authority and all Common Areas shall be exempt from the Assessments created herein. However, no land or improvements devoted to residential use shall be exempt from said Assessments, but any foreclosure of an Assessment Lien as hereinafter provided against a Lot shall be limited to that particular Lot and the undivided interest, if any, of such Lot Owner in the Common Areas.

5.8 Date of Commencement of Assessments; Due Dates The Lot Owner's Assessments provided for herein shall commence on the date fixed by the Association to be the day of commencement, and, as may then be determined and prescribed by the Association, shall be payable annually (or, if established in the written notice from the Association, monthly), in advance, on the first day of the year (or, if applicable, the month). The due date or dates, if to be paid in installments, of any Special Assessment under Section 5.4 hereof shall be fixed in the respective resolution authorizing such Assessment.

5.9 Duties of the Association with Respect to Assessments.

(a) The Association shall fix and determine the amount of the Assessment against each Lot at least thirty (30) days in advance of the due date thereof or, for any Assessments to be paid hereunder in installments, at least thirty (30) days prior to the due date of the first installment; provided, however, in the case of a Special Assessment levied against any individual Owner or Owners as authorized under Section 5.4 above, the Association shall not be obligated to fix and determine the amount of such Special Assessment until the costs to the Association for which such Special Assessment is levied are known or are capable of being reasonably determined by the Association, and any such Special Assessment may be required by the Association to be due and payable within ten (10) days from the time the Owner being assessed is notified by the Association of the Assessment.

(b) Written notice of any Assessment shall, upon the determination thereof, be delivered or mailed to the Members.

(c) The Association shall prepare and keep current a roster of the Lots and Assessments applicable thereto which shall be kept in the office of the Association and shall be open to inspection by any Owner.

5.10 No Offsets. No Assessment shall be payable in an amount less than that specified by the Assessment and no offsets against such amount shall be permitted for any reason including, without limitation, a claim that the Association is not properly exercising its duties in maintenance or enforcement or the nonuse of all or any portion of the Common Areas.

5.11 Delinquency. Any Assessment provided for in this Declaration, which is not paid when due shall be delinquent. If any such Assessment is not paid within thirty (30) days after the delinquency date, to the extent permitted by applicable law, a late charge may be added to each delinquent Assessment chargeable against the Owner and Lot(s) in question. The Association may from time to time by resolution adjust the amount of such late charges to any other legally permissible amount, as the Association may reasonably deem appropriate to cover the expenses of recording and collecting delinquent Assessments. In addition, all delinquent Assessments shall bear interest from the date which is thirty (30) days after the delinquency date until paid at the lesser of (i) the highest nonusurious rate of interest allowed by applicable law or (ii) eighteen percent (18%) per annum. In addition, if foreclosure shall become necessary or if any legal action has commenced for the collection of any delinquent Assessment(s), there shall be added to the amount of such Assessment, but only to the extent permitted by applicable law, such late charge(s) and interest, together with costs and expenses, including reasonable attorneys' fees, incurred in connection with collection of the debt secured by the Assessment Lien, the costs of preparing and filing the complaints and/or other legal documents in any such legal or foreclosure action, and in the event a judgment is obtained, such judgment shall include said late charge(s), interest and reasonable attorneys' fees, together with the other costs of collection; provided, however, that such items shall in each case be limited to those charges and in such amounts as are permissible by applicable law. Each Member vests in the Association, or its assigns, the right and power to bring all actions at law or lien foreclosure against such Owner or other Owners for the collection of such delinquent Assessments. The Association may, at its option, bring an action at law against each Owner personally obligated to pay the same, and/or foreclose the Assessment Lien against the Lot(s) in accordance with the then prevailing law of the State of Texas relating to the foreclosure of liens upon real property, either by judicial foreclosure or by private sale pursuant to then prevailing law governing foreclosure of contract liens upon real property. Notwithstanding anything to the contrary contained in this Section 5.11 or otherwise in these Covenants, the terms of these Covenants are expressly limited so that in no contingency or event whatsoever shall the amount paid for the use, forbearance or detention of money, or for the payment or performance of any covenant or obligation contained herein, exceed the maximum amount permissible under applicable federal or state law. If, from any circumstance whatsoever, fulfillment of any provision hereof, at the time the performance of such provision shall be due, shall involve transcending the limit of validity prescribed by law, then *ipso facto*, the obligation to be fulfilled shall be reduced to the limit of such validity, and if from any circumstance the Association shall ever receive, as interest or otherwise, an amount which would exceed the highest lawful rate of interest that may be charged, such amount which would be excessive interest would be applied to the reduction of the principal amount of Assessments and other sums then owing and not to the payment of interest, or if such excessive interest exceeds such amount of the unpaid Assessments and such other sums as shall be due hereunder, then such excess shall be refunded to the Owner.

5.12 Foreclosure of Assessment Lien.

(a) At any time following ten (10) days after the occurrence of any such default by reason of any delinquency, the Association may give a notice to the defaulting Owner, which notice shall state the date of the delinquency and the amount of the delinquency, and make a demand for payment thereof. If such delinquency is not paid within thirty (30) days after delivery of such notice, the Association may elect to record a Notice of Assessment Lien (herein so called) against the Lot(s) of such delinquent Owner. Such Notice of Assessment Lien shall state (1) the name of the record Owner, (2) a description of the Lot(s) against which the Assessment is made, (3) the amount claimed to be due and owing, (4) that the Notice of Assessment Lien is made by the Association pursuant to the terms of this Declaration (giving the date of execution and the date, volume and page references of the recording hereof in the Office of the Clerk of the County of Blanco, Texas), and (5) that a lien is claimed against the described Lot(s) in an amount equal to the amount of the stated delinquency. Upon recordation of a duly executed original or duly executed copy of such Notice of Assessment Lien by the Clerk of the County of Blanco, the Assessment Lien herein created shall immediately become subject to foreclosure, subject only to the limitations hereinafter set forth. The priority of the Assessment Lien shall be governed by the provisions of these Covenants and the recordation of the Notice of Assessment Lien shall be solely for the purpose of public notice of the delinquency and the amount thereof then secured by the Assessment Lien, the priority of which shall be governed as herein provided. Each default shall constitute a separate basis for a Notice of Assessment Lien. If any Owner shall continue to default in the payment of any Assessment payable hereunder for a period of twenty (20) days after the delivery and recordation of any said Notice of Assessment Lien, the Association may undertake such actions at law for the collection thereof and the foreclosure of the Assessment Lien or the Association, as Trustee, acting through any authorized officer or by any agent or attorney-in-fact properly authorized by any such officer, may sell the Lot(s) owned by the delinquent Owner at public auction to the highest bidder for cash pursuant to the provisions of Texas Property Code Section 51.002 as in force and effect on the date of this Declaration, or in accordance with the prescribed manner for foreclosure of contract liens provided by any future amendment to such Section 51.002, or any other statute or article enacted in substitution therefor, after giving such notices as are prescribed therein in addition to the notices described above. In lieu of the foregoing, the Association may enforce any such lien as a mortgage lien in accordance with the provisions of the laws of the State of Texas, now or hereafter in effect, which provisions (including matters incorporated therein by reference) are hereby incorporated herein by reference. The commencement by the Association of any remedy permitted hereby shall not be deemed an election of remedies so as to bar the subsequent exercise of any other or similar remedy, so that the Association may at any time thereafter abandon or discontinue the pursuit of any specific remedy without waiver of its right to institute any other remedy, either by suit at law or by foreclosure of the Assessment Lien. In the event the foreclosure is accomplished, as in the case of a deed of trust under power of sale, the Association, or any person designated by it in writing, shall be deemed to be acting as the agent of the lienor and shall be entitled to actual expenses and such fees as may be allowed by law or as may be prevailing at the time the sale is conducted. The deed upon foreclosure shall be executed and acknowledged by any Member of the Association or by the person conducting the sale. For the purposes of this Section 5.12, a deed upon foreclosure executed and acknowledged by any Member of the Association or by the person conducting the sale shall be conclusive upon the Association and the Owners in favor of any and all persons who rely thereon in good faith as to the matters therein contained.

(b) From and after any such foreclosure, the former Owner or Owners, their heirs and assigns, shall forthwith upon the making of such sale surrender and deliver possession of the property so sold to the purchaser at such sale, and in the event of their failure to surrender possession of said property upon demand, the purchaser, his heirs or assigns, shall be entitled to institute and maintain an action for forcible detainer of said property in the Justice of the Peace Court in the Justice Precinct in which such Lot, or any part thereof, is situated.

(c) The Association in any event is hereby authorized to appoint a substitute trustee, or a successor trustee, to act in the place of the trustee originally designated without any formality other than the designation in writing of a substitute or successor trustee, and the authority hereby conferred shall extend to the appointment of other successor and substitute trustees successively until the delinquent Assessment has been paid in full, or until said property is sold, and each substitute trustee shall succeed to all the rights and powers of his predecessor trustee appointed by the Association.

(d) At any foreclosure sale of a Lot, the Association, through its duly authorized agents, shall have the power to bid on such Lot, using Association funds or funds borrowed for such purpose, at the sale, and to acquire and hold, lease, mortgage and convey the same.

5.13 Curing of Default. Upon the timely curing of any default for which a Notice of Assessment Lien was recorded by the Association, officers of the Association are hereby authorized to record an appropriate release

of such notice, upon payment by the defaulting owner of a reasonable fee to be determined by the Association to cover the costs of preparing and recording such release, together with the payment of such other costs, including, without limitation, legal fees and court costs, interest or fees and charges as shall have been incurred. The execution and recording of any such release of the notice shall not constitute a release of the continuing lien for Assessments, but only of the claim for past due Assessments to which the notice applied.

5.14 Cumulative Remedies. The Assessment Lien and the rights to foreclosure thereunder shall be in addition to and not in substitution for all other rights and remedies which the Association and its assigns may have hereunder and by law, including a suit to recover a money judgment for unpaid Assessments.

5.15 Priority and Subordination of Assessment Lien. An Assessment Lien upon a Lot shall be superior to any and all other charges, liens or encumbrances which hereafter in any manner may arise or be imposed upon such Lot; provided, however, if any Lot subject to any lien created by any provision hereof shall be subject to a lien or a deed of trust or mortgage securing purchase money financing of a Lot or securing the payment for construction of improvements to the Lot subject to such deed of trust or mortgage, the Assessment Lien shall be subordinated to payment of such deed of trust or mortgage lien in the following respects: (1) the foreclosure of any lien created by anything set forth in this Declaration shall not operate to affect or impair the lien of such deed of trust or mortgage; and (2) the foreclosure of the lien of a deed of trust or mortgage, the acceptance of a deed in lieu of foreclosure of the deed of trust or mortgage or sale under a power of sale included in such deed of trust or mortgage (such events shall be hereinafter referred to as "Events of Foreclosure") shall not operate to affect or impair these Covenants or the continuing lien for Assessments, except that Events of Foreclosure shall extinguish and forever release from the security of the Assessment Lien (but without releasing any Owner from personal liability or such lien as to subsequent Assessments) the claims for Assessments which were payable prior to the occurrence of such Events of Foreclosure; provided, however, that any Assessments which have been released from the security of the Assessment Lien pursuant to the foregoing may, at the election of the Association, be reallocated and assessed to all Owners as a Common Expense. Nothing contained herein shall relieve any purchaser or transferee acquiring title through any Events of Foreclosure from liability, nor the Lot so sold or transferred from the Assessment Lien of any Assessment levied or coming due thereafter. Nothing in this Section 5.15 shall be construed to release any owner from his obligation to pay for any Assessment levied pursuant to this Declaration, which Assessment shall be a personal, separate and distinct obligation of the owner against whom the same is assessed. Notwithstanding the foregoing provisions of this Section 5.15, the Assessment Lien shall not be deemed to be waived, nor shall any statement with respect to priority contained in this Section 5.15 shall be deemed to release the Assessment Lien in the event that any lien as to which the Assessment Lien would be subordinated by this Section 5.15 shall be determined to be invalid or unenforceable.

ARTICLE VI.

ARCHITECTURAL COMMITTEE

6.1 Membership of Architectural Committee. The Architectural Committee shall consist of not more than three (3) voting members ("Voting Members"). The initial voting members of the Architectural Committee shall be Jon Starnes, Eddie Karam and Richard Armitage.

6.2 Action by Architectural Committee. Items presented to the Architectural Committee shall be decided by a majority vote of the Voting Members.

6.3 Advisory Members. The Voting Members may from time to time designate Advisory Members.

6.4 Term. Each member of the Architectural Committee shall hold office until such time as he or she has resigned or has been removed or his or her successor has been appointed, as provided herein.

6.5 Adoption of Rules. The Architectural Committee may adopt such procedural and substantive rules, not in conflict with this Declaration, as it may deem necessary or proper for the performance of its duties, including but not limited to a building code, a fire code, a housing code, and other similar codes as it may deem necessary and desirable. Each Owner shall comply with said rules as the same may be amended from time to time, and failure to comply with said rules shall constitute a default of this Declaration, and any Owner, including Declarant, at its sole expense and/or the Board may seek any of the remedies set forth herein for default of this Declaration.

6.6 Review of Proposed Construction. Whenever in this Declaration the approval of the Architectural Committee is required, it shall have the right to consider all of the plans and specifications for the Improvement or proposal in question and all other facts, which, in its sole discretion, are relevant. Prior to the commencement of any construction of any Improvement on the Property or any portion thereof, the plans and specifications therefor shall be submitted to the Architectural Committee, and construction thereof may not commence unless and until the Architectural Committee has approved such plans and specifications in writing. The Architectural Committee shall consider and act upon any and all plans and specifications submitted for its approval pursuant to this Declaration, and perform such other duties assigned to it by this Declaration or as from time to time shall be assigned to it by the Board, including the inspection of construction in progress to assure its conformance with plans and specifications approved by the Architectural Committee. The Architectural Committee may review plans and specifications submitted for its review and such other information, as it deems proper. Until receipt by the Architectural Committee of any information or document deemed necessary by the Architectural Committee, it may postpone review of any plans and specifications submitted for approval. No Improvement shall be allowed on any Tract, which is of such size or architectural design or involves the use of such landscaping, color schemes, exterior finishes and materials and Property. The Architectural Committee based upon the restrictions set forth in the preceding sentence and the decision of the Architectural Committee shall be final and binding so long as it is made in good faith. The Architectural Committee shall not be responsible for reviewing any proposed Improvement, nor shall its approval of any Plans or Specifications be deemed approval thereof from the standpoint of structural safety, engineering soundness, or conformance with building or other codes.

6.7 Variance. The Architectural Committee may grant variances from compliance with any of the provisions of this Declaration, or any Supplemental Declaration, when, in the opinion of the Architectural Committee, in its sole and absolute discretion, such variance will not impair or detract from high quality development of the Property, and such variance is justified due to unusual or aesthetic considerations or unusual circumstances. All variances must be evidenced by a written instrument, in recordable form, and must be signed by a majority of the voting members of the Architectural Committee. The granting of such variance shall not operate to waive or amend any of the terms and provisions of these covenants and restrictions applicable to the Tracts for any purpose except as to the particular property and in a particular instance covered by the variance, and such variance shall not be considered to establish a precedent or future waiver, modification, or amendment of the terms and provisions hereof.

6.8 Actions of the Architectural Committee. The Architectural Committee may, by resolution, unanimously adopted in writing, designate one or two of its members or an agent acting on its behalf to take any action or perform any duties for and on behalf of the Architectural Committee. In the absence of such designation, the vote of a majority of all of the members of the Architectural Committee taken without a meeting shall constitute an act of the Architectural Committee.

6.9 No Waiver of Future Approvals. The approval or consent of the Architectural Committee to any Plans or Specifications for any work done or proposed or in connection with any other matter requiring the approval or consent of the Architectural Committee shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any plans and specifications, or other matter whatever, subsequently or additionally submitted for approval or consent by the same or a different person.

6.10 Work in Progress. The Architectural Committee, at its option, may inspect all work in progress to insure compliance with approval plans and specifications.

6.11 Nonliability of Architectural Committee Members. Neither the Architectural Committee, nor any member thereof, nor the Board, nor any member thereof, shall be liable to the Association or to any Owner or to any other person for any loss, damage or injury arising out of their being in any way connected with the performance of the Architectural Committee's or the Board's respective duties under this Declaration unless due to the willful misconduct or bad faith of the Architectural Committee or its member or the Board or its member, as the case may be. Neither the Architectural Committee, nor the members thereof, shall be liable to any Owner due to the construction of any Improvement within the Property.

6.12 Address. Plans and Specifications shall be submitted to the Architectural Committee, c/o Jon Starnes, 816 Terrace Mountain Drive, Austin, Texas 78746, or such other address as may be designated by Declarant, its successors and assigns, from time to time.

6.13 Fees. The Architectural Committee shall not require a submission fee for each set of plans and specifications submitted for its review.

6.14 Certificate of Compliance. Upon completion of any Improvement approved by the Architectural Committee and upon written request by the Owner of the Tract, the Architectural Committee shall issue a Certificate of Compliance in a form suitable for recordation. The Certificate shall indemnify the Tract and the Improvement, the use or uses to be conducted thereon, and the plans and specifications on file with the Architectural Committee pursuant to which the Improvements were made and shall specify that the Improvements comply with the approved plans and specifications. The Certificate shall not be construed to certify the acceptability, sufficiency, or approval by the Architectural Committee of the actual construction of the Improvements or of the workmanship or materials thereof. The Owner is hereby notified that the Certificate in no way warrants, except as set forth above, the sufficiency, acceptability, or approval by the Architectural Committee of the construction, workmanship, materials, or equipment of the Improvements. Preparation and recordation of such a Certificate shall be at the expense of the Owner of the improved Tract.

ARTICLE VII.

INSURANCE; REPAIR AND RESTORATION; EMINENT DOMAIN

7.1 Insurance. The Association shall obtain, as is customarily carried with respect to other developments similar in construction, design and use, and continue in force and effect a policy of comprehensive general liability insurance covering all areas of the Property within the Association's control, and with clauses waiving subrogation against the Declarant, Owners, Members, the Association and persons upon the Property with permission of an Owner. Such insurance coverage shall be maintained by the Association for the benefit of the Association. The Members and Owners hereby waive and release all claims against the Association, the Declarant, and the respective agents and employees of each of the foregoing, with respect to any loss covered by such insurance, whether or not caused by the negligence of or breach of any agreement by said persons, but only to the extent of such insurance proceeds received in compensation for such loss. The Association may, but shall not be obligated to, carry and maintain in force such other insurance coverages as the Association, in its sole discretion, shall deem necessary, including, without limitation, workers' compensation insurance and officers' and directors' liability insurance. The Association is hereby granted the authority to negotiate loss settlements with the appropriate insurance carriers and/or adjusters and, to such end, each Member and Owner hereby appoints the Association to execute, in connection with the settlement of any loss or claim, such loss claim forms and release forms as the Association, in its sole discretion, shall deem to be appropriate in the best interest of the Members and Owners.

7.2 Destruction of Improvements. In the event of a partial or total destruction of all or any portion of the Common Areas and/or the improvements thereon (including, without limitation, the Dam and/or the Lake), it shall be the duty of the Association, to make a determination as to whether to (i) restore and repair the same to their former condition or (ii) clear the affected or destroyed portion of the Common Areas and landscape the same for park or other similar purposes (except with respect to partial or total destruction of all or any portion of the Private Roadways, in which case it shall be the duty of the Association to promptly restore and repair the same to their former condition). In the event the Association shall make a determination to restore and repair such damaged or destroyed portions of the Common Areas and/or improvements to their former condition, such restoration and repairs shall be accomplished as promptly as practical in the circumstances and proceeds of any insurance maintained pursuant to the provisions hereof covering such damaged or destroyed portions of the Common Areas and/or improvements shall be used for such purposes. In the event the Association shall, despite the receipt of insurance proceeds covering any such damage or destruction to the Common Areas and/or the improvements thereon, make a determination not to restore and repair the same to their prior condition, then in such event the Association shall promptly undertake to have such damaged or destroyed portions of the Common Areas and/or improvements to be cleared and shall thereafter cause the affected area to be landscaped for use as park or other purposes as shall be determined by the Association. Any insurance proceeds received by the Association in respect of such damaged or destroyed portions of the Common Areas and/or improvements may be used to effect such clearing, landscaping or other measures. Any balance of the proceeds of any insurance received by the Association remaining after satisfactory completion of such restoration and repairs, or of such clearing and landscaping, shall be retained by the Association as a part of a general reserve fund for the application toward costs of repair, replacement and maintenance services provided from time to time hereunder by the Association, or, at the Association's discretion, refunded to the Members. In all events, if the insurance proceeds received by the Association in respect to any damage or destruction to the Common Areas and/or the improvements thereon shall be insufficient to conduct such restoration and repairs or, alternatively, to conduct such clearing and landscaping as aforesaid, the Association may levy a Special Assessment as provided for in Article V of this Declaration to cover the deficiency.

7.3 Owner Insurance. Each Owner shall be responsible for insuring his Lot(s) and any Structures or other Improvements thereon, together with the contents and furnishings thereof, and against loss or damage by casualty, fire or other hazards. All policies of casualty insurance maintained by each Owner shall be without contribution with respect to any policies of casualty insurance maintained in effect by the Association as provided for herein.

7.4 Covenant of Owner to Repair. Each Individual Owner further covenants and agrees that, in the event of a fire or other casualty causing partial damage to a Lot or the Structures or improvements located thereon, the Owner of such Lot shall, within ninety (90) days after such fire or casualty, contract to repair or reconstruct the damaged portion of such Lot and/or Structures or improvements thereon, and shall thereafter cause such Lot and/or Structures or improvements to be fully repaired or reconstructed in a manner consistent with their original condition to the end that such partially damaged Lot and/or Structures or improvements shall not remain in a partially finished condition any longer than reasonably necessary for the completion thereof. In the event of any fire or other casualty causing total destruction to a Lot or the Structures or improvements located thereon, the Owner of such Lot shall, within a reasonable time following such fire or casualty, either (i) contract to repair, reconstruct and restore such Lot and the Structures or improvements, and thereafter cause such Lot to be repaired, reconstructed and restored to its prior condition in a diligent manner or (ii) in the event the individual Owner shall make a determination not to rebuild, reconstruct or restore such destroyed Lot and Structures or improvements thereon, such Owner shall clear his Lot of all debris and return such Lot as nearly as possible to the condition in which it existed in its unimproved state.

7.5 Waiver of Recovery and Subrogation. Declarant shall not be liable to the Association or any Member or Owner for any damage to property, improvements, fixtures or merchandise caused by fire or other hazards normally covered by fire and extended coverage insurance, whether such coverage is in force or not, regardless of the cause thereof, and the Association and each Member and Owner, on behalf of themselves and their respective successors and assigns, hereby expressly release Declarant, and its successors and assigns, from all liability for such damages. In addition, each Member and Owner and the Association hereby waive, on behalf of their respective insurance carriers, all rights of subrogation against the Declarant that they may now or in the future have under or with respect to any such insurance policies.

7.6 Eminent Domain. The term "taking," as used in this Section 7.6, shall mean condemnation by eminent domain or sale under threat of condemnation. In the event of a threatened taking of all or any portion of the Common Areas, the Association may appoint such persons as the Association may desire to represent all of the Members and Owners in connection with the taking. The Association, or its designee, shall act in its sole discretion with respect to any awards being made in connection with the taking and shall be entitled to make a voluntary sale to the condemnor in lieu of engaging in a condemnation action. Any awards received on account of the taking shall be paid to the Association. In the event of a taking of less than all of the Common Areas, the rules as to restoration and replacement of the Common Areas and the improvements thereon shall apply as in the case of destruction of improvements upon the Common Areas as provided in Section 7.2 above.
